Pharma, Cosmetics, Veterinary,
Labware & Liquor**

www.gbcpack.com

INTRODUCTION

GBC Packaging founded in the year 2007 and restructured in GBC Packaging Private Limited in the year of 2021. It is one of leading trusted name in the Indian Pharmaceuticals. Company has gained excellence in customer service with since inception. GBC Packaging Private Limited manufactures LDPE, HDPE, PET Bottles Plastic (2 ml to 5000 ml) aluminium pilfer proof caps & Corrugated Boxes etc.

We introduce over selves as one of the leading manufacturer and supplier of plastic packaging material having new generations machines of Injection Moulding, Injection Blow Moulding, Extrusion Blow Moulding, Injection Stretch Blow Moulding (ASB) with advance quality facilities operated by qualified staff & skilled workers at our Mumbai Location- Bhiwandi.

GPPL works for customer satisfaction with Quality & Timely delivery as motto. GPPL – Bhiwandi is spread over 30,000 sq. feet area with required utilities & offices.

GPPL also setup second unit at Silvassa with new Infrastructure & Technical Teams for improved productivity & lower overheads. Initial supplies for PET Bottles.

OUR MISSION

- Improving competitive edge through organizational transformation and strategic excellence.
- Grow profitability by aggressively pursuing business opportunities at international level and be a passionate and accountable to our customer's expectations.
- To cater cost effective, superior technologically and top-quality products to our customers.
- Build people for a rewarding and inspiring career by providing challenging environment for working to generate a positive synergy.

OUR VISION

- To demonstrate excellent performance at all business levels to become a well-recognized market leader in Plastic Manufacturing Industries. We have nurtured a destination to become world class by adopting best world class practices.
- We are striving to achieve 100% growth rate in next 5 years by constantly improving our capabilities and opening new avenues.

FACILITIES

- Class 100,000 clean room.
- Air handing units with terminal HEPA filters to provide optimum environment.
- Floors of the production, inspection and packaging areas are epoxy- coated and wall – to – floor joints are epoxy – covered, to maintain dust free atmosphere.
- Well ventilated storage areas for raw materials and finished goods.

QUALITY CONTROL & POLICY

Quality Control

A full-fledged Quality Control Laboratory for quality assurance of intact materials like PET / HDPE / Master colour / Corrugation Shipper/ Shrink Sleeves / Bopp has been set up in-house in our plants at Bhiwandi & Silvassa .

Manufactured bottles, jars & containers are thoroughly tested for :

- Wall thickness at different points to ensure uniformity in distribution of materials
- Overall weight, body diameter, neck dimension to ensure that the product is as per ISI Standards
- Top Load (resistance) test, MFI, Leak Tester, Vibration etc.

Quality Policy

- We are committed to total customer satisfaction and we pay at utmost attention to every details right from concept through completion.
- We demonstrate this commitment by adhering to stringent standards. Standard operating procedures system are implemented according to GMP and ISO standards
- All the job functions of the company are in line with its Quality policy. Total Quality Management of the firm is looked after by a Quality Assurance Team.

MOULDING AREA

**Injection
Blow Moulding
30 / 45 Tons**

Total Machines-07

**Extrusion Blow
Moulding
2 ml to 5 ltr.**

Total Machines-09

**Injection Moulding
100 tons to
150 tons**

Total Machines-15

**Injection Stretch
Blow Moulding
(ASB 50 MB /
70 DPW)**

**Total Machines
- 14**

- Apart from above we have Aluminium ROPP Cap Mfg. Machine (Recon Make).
- Automatic Flip top Closing Machine.
- Automatic Ring & wad assembly machine at our Bhiwandi Plant.
- Also we have semi-automatic corrugated boxes Mfg. facilities at Bhiwandi.

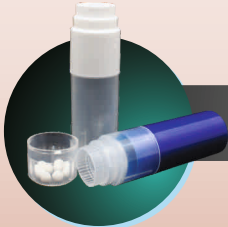

EFFERVESCENT TUBES

Available Sizes : 29 x 42 mm tube, 29 x 53 mm tube
29 x 73 mm tube, 29 x 85 mm tube, 29 x 99 mm tube,
29 x 120 mm tube, 29 x 144 mm tube

Spiral Desiccant Caps
for 29 mm tube

HOMEOPATHIC PILLS DISPENSERS

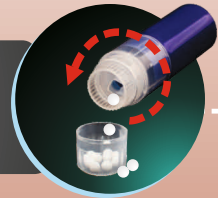

Increased perceived value
look professional, be professional!

better value than plastic bag

More accurate
Only one pill will get dispensed
with every rotation, Exact no. of pills will
get dispensed as suggested by Homeopath.

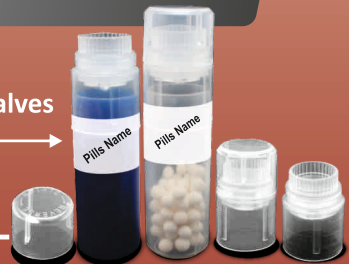

No need to touch the pills

Easy to use - just fill one half of the dispensers with the pills.
Press fit the mechanism / second half.

comfort for end-users

Stick both halves
with a label →
